## BUILDING COMMISSION

## Kickapoo Reserve Management Board and Lower Wisconsin State Riverway Board Report

Move to require the Kickapoo Reserve Management Board and the Lower Wisconsin State Riverway Board to jointly submit a report to the Building Commission and the Joint Committee on Finance, after consulting with the tribal governments with whom they have signed memorandums of understanding and the Department of Natural Resources Parks Director. Require that the report include a recommendation on how revenue may be generated through hunting, camping, parking or other fees in order to cover operational costs and resubmit plans for building facilities which given their close proximity, have their own individual emphasis. *Sept*

## Note:

The Kickapoo Valley Reserve obtains revenues from customers for certain trail use, camping and special events. In the past, funds were collected from self-registration with no enforcement measures. Approximately \$3,300 has been collected since July, 2000 from visitors, and the Reserve anticipates collections may reach \$10,000 in 2001-02 and \$15,000 in 2002-03 with better registration and enforcement measures. In addition, approximately 1,000 acres of the Kickapoo Valley Reserve are leased for agricultural purposes. In the past, agricultural lease revenues went to the Corps, but it is estimated that the Reserve will earn \$25,000 from these leases in 2001. Further, the Reserve estimates receiving \$16,000 from its first timber harvest in 2001. Much of the revenue has been used to purchase grounds equipment and for the upkeep of trails. The State of Wisconsin owns approximately 7,400 acres of the reserve, while 12,000 acres are held in trust by the Bureau of Indian Affairs for sites sacred to the Ho-Chunk tribe. A 1997 MOU between the state and the Ho-Chunk nation states the entire acreage will be managed as one property.

David:

As we discussed, no due date is wanted for submitting the report; where the hunting, camping, and parking are to take place is not to be specified; what the building facilities are in close proximity to and what is meant by "individual emphasis" are both unknown.

I don't think it makes sense for a building to have an "emphasis." I think that what may be meant is that each proposed building has a unique purpose that is different from the purpose of the other one, even though they would be located close to each other. Since we can't be certain of what was meant, however, I didn't change the language in the statute from the language of the motion.
